Dear Friends and Colleagues,
we are pleased to present you the SMILE 2023 meeting that will happen in Milan, Humanitas Convention Center, on the 23rd - 25th February 2023.

The meeting will focus, as usual, on the newest and more interesting topics in shoulder surgery deeply analyzed with highlight lectures, live and re-live surgeries. Clinical cases discussion and round table will allow participants to interact and discuss the topics. An international faculty with top players in the field will be sharing their experience and expertise.

The first day the morning session will be all around shoulder instability, focusing on bony procedures, arthroscopic and open. In the afternoon the treatment of rotator cuff will be the main topic, biology and technical latest advancements will draw your attention.

The second day topics will be at first the traumatic shoulder with A/C joints and proximal humerus fractures followed by a reverse shoulder arthroplasty session. In the afternoon we will have a special session about the "Cyber shoulder arthroplasties" that will make able all the participants to know more about all the latest technologies that are bringing benefit in our daily activity.

We will conclude with an highlight lecture about revision reverse shoulder arthroplasty.

The final day a live cadaver dissection and a live brachial plexus endoscopy will be followed by hands-on workshops about reverse arthroplasties, ultrasound diagnostics and again "Cyber shoulder" with the opportunity to get confident with different technologies for pre-op planning and intraoperative assistance.

We designed the SMILE 2023 to be in person, to finally meet each other in a room, but we're ready to fully broadcast the meeting if the pandemic will keep us divided again.

We will wait all of you in Milan.

Our best regards

Alessandro Castagna and Pietro S. Randelli

Invited Speakers

Guest star: Gerber Christian (Zurich - Switzerland)

Jens D. Agneskirchner (Hannover - Germany)	Philipp Moroder (Zurich - Switzerland)
Pascal Boileau (Nice - France)	Anthony Romeo (Westmont - USA)
Carlos Cobiella (London - UK)	Joaquin Sancez-Sotelo (Rochester - USA)
Philippe Collin (Rennes - France)	Markus Scheibel (Zurich - Switzerland)
Pierre Henry Flurin (Mérignac- France)	Mark Tauber (Munich - Germany)
Eiji Itoi (Sendai - Japan)	Philippe Valenti (Paris - France)
Thibault Lafosse (Annecy - France)	Olivier Verbogt (Antwerp - Belgium)

Thursday, 23rd February 2023

morning SHOULDER INSTABILITY

- 09:00 Highlight Lecture:** Bipolar bone loss in shoulder instability
- 09:30 Live @:** Metal free bone block fixation
- 10:15 Relive @:** Dynamic anterior stabilization
- 10:25 Relive @:** Distal tibia
- 10:35 Relive @:** Arthroscopic anatomical triple blocking stabilization
- 10:55** *Coffee break*
- 11:15 Highlight Lecture:** Results in anterior/posterior instability surgery. What I believe
- 11:50 Round Table:** Clinical scenario: discussion and decision making
- 13:00** *Light lunch*

Thursday, 23rd February 2023

**afternoon
CUFF REPAIR**

- 14:00 Highlight Lecture:** Rotator cuff repair, technique or biology?
- 14:30 Live @:** Bioinductive implant
- 15:15 Live @:** biologic augment?
- 16:00 Live @:** Adipose MSC
- 16:45 Relive @:** Bone marrow
- 16:55 Relive @:** Bursal MSC
- 17:05 Relive @:** Lower trapezius
- 17:20 Relive @:** Lat dorsi
- 17:35 Highlight Lecture:** Results what is the best for the patient
- 18:00** Open discussion

Friday, 24th February 2023

morning
SHOULDER TRAUMA

- 08:30 Highlight Lecture:** A/C joint what to do
- 08:50 Relive @:** Dog bone
- 09:00 Highlight Lecture:** Proximal humerus fractures, my best choice
- 09:25 Relive @:** Nail
- 09:30 Relive @:** Shoulder external fixator
- 09:45 Relive @:** RSA
- 09:55** Open discussion
- 10:10** *Coffee break*

SHOULDER ARTHROPLASTY

- 10:40 Highlight Lecture:** RSA in cuff tear arthropathy
- 11:00 Live @:** Stepped glenoid reverse
- 11:45 Live @:** Ministem
- 12:30 Live @:** Reverse eclipse
- 13:15** *Light lunch*

Friday, 24th February 2023

afternoon

**THE CYBER SHOULDER ARTHROPLASTY
INTRO-POOL: HOW MANY USE CYBER SHOULDER?**

- 14:00 Highlight Lecture:** The cyber shoulder, surgery of the future
- 14:20 Highlight Lecture:** The Cyber shoulder, beyond surgery
- 14:40 Relive @**
- 15:20 Highlight Lecture:** Results and perspective. Any shadows?
- 15:40 Highlight Lecture:** Prosthesis and mega-prosthesis in complex cases. An engineer perspective
- 16:00 Round Table:** Reality or virtual reality in high-tech surgery
- 16:45 Highlight Lecture:** Revision reverse shoulder arthroplasty (painful shoulder replacement: from diagnosis to revision)
- 17:10** Our surgical performance in SMILE 2020: patients follow-up
- 17:30 Round Table:** Clinical scenario: lesson learned from SMILE meetings

Saturday, 25th February 2023

**morning
WORKSHOPS**

08:30-10:00

FIRST SESSION

Sala A

09:00-09:30 Anatomical dissection of the shoulder - live interactive

09:30-10:00 Plexus endoscopy

Sala B

08:30-10:00

Corso per strumentisti di sala operatoria ed infermieri professionali

Preparazione del paziente alla chirurgia della spalla

Il posizionamento

L'artroscopia: cuffia ed instabilità

La traumatologia

La chirurgia protesica

10:00 *Coffee break*

10:30-13:00

SECOND SESSION

Sala A

10:30-11:30

Ultrasound workshop for surgeons and physical therapists

11:30-13:00

Technology and rehabilitation workshop

The shoulder pacemaker and remote rehab

Sala B

10:30-13:00

Reverse shoulder cadaver workshop
